BRIGHT FUTURES SUCCESSES

SUCCESS STORY

The family is very excited to be involved with PAT/Bright Futures. Both Mom and Dad are able to anticipate each child's emotional and developmental needs beautifully, and adapt to those needs from moment to moment. Both parents are active participants during home visits and work well as a team. [Child] was diagnosed with Autism this month, and they were relieved to finally get the diagnosis so they can move forward to meeting his needs.

- 16 NEW REFERRALS

PARENT HEALTH LITERACY TRAININGS

Parent Health Literacy Training

Helping Families Use the Book “What To Do When Your Child Gets Sick”

This introduction to Parent Health Literacy will give you tips and tools for working with parents of young children. The various materials that have been developed will lend themselves to working with large and small groups of families as well as on a one-on-one basis. The overall goals of this curriculum are empowerment of families and reduction in the number of unnecessary doctor and ER visits.

In addition to providing an overview of the book What To Do When Your Child Gets Sick, this training will focus on the skills necessary to work with parents with low health literacy.

By attending this training, you and your agency are invited to partner with the KHSA Parent Health Literacy Project to distribute this book and teach parents how to use it to make health care decisions regarding their children aged 0-8.

Upcoming Trainings:

July 11, 1:00 PM to 3:00PM:

Remote training with Nichole Fairley

September 7, 1:00 PM to 3:00PM:

Remote training with Nichole Fairley

November 14, 1:00 PM to 3:00PM:

What Has KPATA Done For You?

KPATA's Education and Training Committee is busy mapping out and finalizing the 2023-24 training calendar. PATNC's Quality Standard #27 will be met thanks to your FY24 membership/training pass offering the required annual trainings in the timeframe required. What ELSE can KPATA do for you? Fill out the [Member's Feedback](#) survey to suggest training opportunities or any other ideas you have to support your career as a PAT professional.
